Executive Assistant Manager, Food and Beverage.

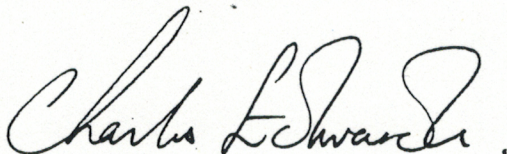

Ref: The Greg Chako jazz band.

Dear Mr. Puri,

I patronise the Bar and Billiard Room with my colleagues mostly on the weekends during the evenings. My clients, colleagues and I enjoy and appreciate the services provided by the Bar ever since my first visit. We all feel one way or another that the atmosphere and particularly the service once again, make us comfortable and relaxed from the hustle and bustle of corporate life in Singapore.

A special mention must be made about the Greg Chako jazz band that however never fails to create the kind of atmosphere the Bar needs. Their music is one of the main reasons why my clients, colleagues and I patronise the Bar. We identify the creativity and commitment put up by the Greg Chako jazz band.

I recollect sending you my first letter of commendation on the abovementioned reference dated 9<sup>th</sup>. June 1997. To your convenience, you may reply this letter, informing me of interesting activities planned by the Raffles hotel. Keep the flag of quality service and entertainment flying, lads!
