

To Whom it may concern:

In fall/winter of 1992, Mr Greg Chako performed as co-leader of a six-piece band which provided the entertainment for our "Brazilian Night" party. The band's Latin-flavored music provided the perfect stimulus for a successful evening. From late December of 1992 up to the present, Mr Chako's company, Chako Productions, has provided a regular supply of first rate entertainment services. This includes monthly "jazz brunches", traditional Dixieland music to celebrate our 110 year anniversary, small jazz combos led by Chako which performed on all the major holidays (like Christmas, Boxing Day, New Years Day), *as well as birthdays.* entertainment consultant for our members whenever they wish to plan parties and functions.

His professionalism, sensitivity, dedication, and music talent is unparalleled, and he is a valuable asset to the arts world and to any organization he is associated with.

I wish Mr Chako the best of success in his future ventures, the club will miss his valuable help.

Shalini Daswani
