CONGRATULATIONS
&
THANK YOU!

Dear Sir/Madam

We recently spent 4 days in Singapore whilst on a multi centre holiday in the Far East and of course during our stay in Singapore our first call was to Raffles Hotel. So we just felt we had to write a note to let you know how much we enjoyed our evenings there, due mainly to the excellent music in the Bar and Billiard Room, led by Greg Chako. Because of the superb music we actually spent every evening there and were thrilled to find the standard of music even exceeded our expectations of Raffles. It was the highlight of our holiday.

Recommendations have been given to all our friends and hope this continues until we visit again.

Yours sincerely

Terry Probert (Mr)
