TO WHOM IT MAY CONCERN

This is to certify that Mr. Greg Chako has performed as the band leader from January 2003 to June 2003 at the Westin Shanghai.

This was our first contract term for Greg and his band – The New York Jazz Ensemble - at the Niche Bar, where now is recognized as the best Jazz Bar in town. No doubt that Greg has played an enormous role for this achievement.

Greg is familiar with the Westin philosophy as he was the musical coordinator for former Westin Stamford and Westin Plaza, Singapore. He then joined us to put together the most suitable band for the Niche Bar at the new Westin Shanghai,

Greg is a very knowledgeable professional, where his talents excel as the leader of the band as well as multi-skill musician and entertainer.

Greg has put so much effort for the Niche Bar, where business results have consistently improved ever since. The performance has increased the number of guests at the bar especially for the “Real-Jazz” entertainment presented by Greg and his team in Shanghai.

I have no hesitation to recommend Greg to any deserving company. I wish him all the best for all his future endeavors and would hope that we might have chance to work with Greg again in the future.

Yours sincerely,
