Dear Mr. Green,

My wife and I stayed at the Raffles Hotel last November from the 20th to the 23rd together with our good friends from Sydney, Australia, Mr. Anders Josephson and his wife.

During our stay we visited your Bar and Billiard Room several times in the evening and enjoyed, besides the drinks and the good service, especially the excellent Jazz music that the Greg Chako Trio performed there. We were surprised to hear Jazz played at that high musical quality in Singapore. During our travel from Stuttgart via Hawaii - New Zealand - Australia to Singapore, we found no place, where we could hear Jazz played in that perfection. Therefore we want to thank you very much, because it enriched our stay in your Hotel a lot.

We hope to hear the Greg Chako Trio at the Bar and Billiard Room again, when we come the next time to Singapore.

Sincerely yours,

P.S. I'm collecting Jazz records since 1948 and I own now about 8.000 LP's and 2.500 CD's.
