Dear Ms Chua

Bar and Billiard Room Raffles Hotel

I am writing to convey my appreciation of the good live jazz music which the Bar and Billiard Room provides.

I have always regarded the Raffles Hotel as the most elegant hotel in Singapore and it was to my delight that I discovered a few years ago that one could enjoy live jazz music there. It soon became my mid-week ritual to drop in at the Bar and Billiards Room to simply unwind and in the process I got to know Greg better. He is wonderful to chat with and his dedication to the music is inspiring.

Truly, the Bar and Billiards Room is a slice of Singapore I miss ever since I came to Myanmar to work. On my recent holiday back home, I dropped by many times and even my last evening in Singapore was spent there with a group of friends.

I hope to catch Greg and his band there again on my next trip home as well as to soak in the ambience which is unique to the Raffles Hotel.

By the way, congratulations on the opening of your two hotels in Cambodia. I hope to visit them one day, which I am sure I would, as our firm has just added Cambodia to our list of regional offices.

Yours sincerely
